NOTWITHSTANDING the claim that North
Carolina is a doubtful State, Congress-
man Seales says that Blaine has no

says that 15,000 majority for the Demo-

tures.

The Speaking.

The speech of the Hon. J. C. S. Black-
burn, at the court house, last night, de-
livered to an audience that packed the
room, was a master effort in the hap-
pily chosen style of the distinguished speaker.
He unfolded a great deal concerning the
corruptions in National affairs, that came
under his observation during his service
at Washington, not forgetting to lay a
heavy hand on Blaine. He also pointed
out the fact that Judge Riddell's district
comprised a large part of the State, and
that the failure to win, in the contest on
Monday, would be heretofore all over the
country as a breaking up of the Democratic
party in Kentucky, and would be used
effectively in the National campaign.
He therefore urged every Democrat to
appreciate the necessity of polling his
vote for all the nominees on Monday.
The speech occupied about an hour and
a half, and left with the audience a very
favorable impression concerning the
speaker's eloquence and ability. Mr.
Blackburn was later serenaded at the
Central Hotel, by Haucke's band, and made
a brief speech in acknowledgment of
the compliment. He will address the
Democracy of Bracken County, at Brooks-
ville, this afternoon, and at Augusta
to-night.

PARTISAN POSTMASTER.

The Machinery of the Mayville Office
Used to the Interest of Col. Holt, a
Republican.

This morning when holders of boxes
at the post-office called for their mail
they found in the following anony-
mous circular, sent out by the Repub-
licans to injure Judge Riddell in the
election that is to take place on Monday:

ORIGIN OF ROBERT RIDDLE'S SPEECH
(So-called at the Winchester Convention;
and How He Played Off on the Man That
Wrote It for Him.)

It will be remembered by those who were
present that Riddell, after being nominated
at Winchester, read a speech before the
members of the convention. It has been a matter
of wonder to those who knew him and heard
him speak at that occasion, and read
since in the newspapers, as to who composed
the same. The following affidavit will prove
an interesting revelation:

I hereby certify that Judge Robert Riddell
applied to me a few days before the Winches-
ter Convention and requested me to write
a speech of acceptance for him, saying that
he expected to be nominated at said conven-
tion, and for which he intended to pay me \$25,
but had never paid same. He requested me
to write a speech of acceptance for him, saying
that he expected to be nominated at said conven-
tion, and for which he intended to pay me \$25,
but had never paid same. He requested me
to write a speech of acceptance for him, saying
that he expected to be nominated at said conven-
tion, and for which he intended to pay me \$25,
but had never paid same.

It is hardly necessary to say that this
circular is a lie from beginning to end,
and is gotten up and circulated on the
eve of the election with the desperate
hope of defeating the Democratic candi-
dates, and it is not necessary to also say
that it will react upon those who sent it
out, and influence the supporters of
Judge Riddell to work that much the
harder for his success. He cannot be
beaten by any such under-handed and
mean method, as the result next week
will certainly show.

But this is not the main point to
which we desire to call attention. It is
this: These circulars do not bear any
address and have no mark upon them to
show that any postage has been paid as
required by law. As we understand the
postal regulation, and as our experience
in mailing campaign literature goes to
show, each of these circulars should, if
distributed separately, pay a postage of
one cent. Has this been done? If not,
is not Postmaster Hutchins guilty of a
violation of law in his desire to control
the partisan of the Republican party?

He is not using the postoffice machinery to
aid Colonel Holt in his candidacy? This
morning the editor of the BULLETIN
asked Mr. Hutchins concerning his au-
thority for distributing documents sent
out by the Republican party free of postage.

"I have plenty of authority," he an-
swered.

"Is it based on the fact that you are in
charge of the office and can do pretty
much as you please?" we asked.

"Well, yes," he laughingly replied,
"but the truth is I paid the postage on
these things myself."

According to his own admission to the
editor of this paper he is the man who
sent them out. He paid as he said the
postage upon them, which ought to be one
cent each, and is, therefore, responsible
for their distribution at this time, unless
he can show that he is acting in some
other way. The people of this city have
the right to expect better things of their
postmaster.

ANOTHER TRAGEDY.

Colored Man Shot and Mortally Wounded
by a Drunken Man.

This morning Miss Matilda Wallace
and Stephen Masie, runaways from Syl-
van Dale, Harrison County, were mar-
ried at Aberdeen by Esquire Masie
Bensley. They were accompanied by
John Galvin, of Needmore, Nicholas
County. They were mounted on horses
and were about to return home, when
Galvin who had been drinking heavily
separated from the party, and riding
through the streets with a pistol in his
hand, pointed it at a number of men
women and children. On Grant street
near the new houses of Charles H. White,
he pointed it at Mr. Williams, and as
Tobias Hawkins, and old colored man,
who was sitting on the curb-stone arose
to go away he discharged the weapon,
the ball taking effect in the stomach, and
inflicting it is supposed a mortal wound.
Hawkins is about seventy-five years of
age and is a tenant of Mr. Geo. T. Wood's.
Galvin was promptly arrested and is now
in jail in a drunken stupor. The crime
seems to have been unprovoked and
prompted alone by the man's excess in
drinking. There is a good deal of excite-
ment in the city over the affair, but we
hope good judgment will prevail and
the law be permitted to take its course.
The prisoner is securely confined and
there is no possibility of his not re-
ceiving in the court the penalty of
his crime.

Stephen Masie was arrested also and
a concealed deadly weapon found on his
person. At his examining trial he was
fined \$30 and sent to jail for ten days.

There seems to be an urgent need in
this city for the application of the civil
service reform law.

An Interesting Decision.

Last Tuesday evening a case was de-
cided in the Circuit Court of more than
usual interest and importance. The point
involved was a novel one in the juris-
prudence of Kentucky, and its decision
will be read with interest by all the law-
yers of the State. The direct point was
the validity of an act of the Legislature
printed in the acts of 1881, Vol. I, page 62
chapter 729, being an amendment to the
act of May 5th, 1880 which regulated ap-
peals from the lower courts to the Quar-
tery and Circuit Courts.

There were two cases in which the
same point arose; the first one being the
case of Thomas Purnell vs. Clark & Wat-
kins, appealed from the Mayor's Court to
the Quarterly Court, and from there to
the Circuit Court; the other was the
case of Grover vs. Dye, appealed from
the Justice's Court at Sardis. In the first
case Mr. Thos. R. Phister represented the
appellant and Campbell & Worthington
the appellee, while in the second
case Judge G. S. Wall represented the
appellant, and Messrs. G. W. Adair and
L. W. Robertson represented the appellee.
As the same point was involved in both
cases they were tried together. In ac-
cordance with the terms of the above
mentioned act the appellants had ap-
pealed from the lower court to the Quar-
tery Court and from there to the Circuit
Court. Here appellants moved to dis-
miss the appeals of appellants on the
ground of a jurisdiction in the Quar-
tery Court, alleging that the ac-
t under which the appeals were taken was
not a law because it had never passed
the Senate, although it was printed in the
Statute book. In proof of their propo-
sition they offered to produce the printed
journal of the Senate to show that the
act was rejected in the Senate. To this
the proposed evidence the appellants
objected, and this was the point in con-
troversy. The appellants produced a
certified copy, under the seal of the State,
of the enrolled act, signed by the Presi-
dent of the Senate and by the Speaker of
the House and by the Governor, and filed
with the other laws in the office of the
Secretary of State. They maintained
that this was the sole and conclusive evi-
dence of the passage and enactment of a
statute, and that it could not be impeach-
ed or contradicted by the journals nor in
any other way, as it was a record of the
highest and most solemn kind. The ap-
pellees maintained the opposite. This
point was argued at great length on both
sides. On behalf of the appellees
speeches were made by Messrs. Adair,
Worthington and Robertson, and on be-
half of the appellants by Messrs. G. S.
Wall and Thos. R. Phister. The speeches
were able and elaborate and occupied from
half-past three until half-past ten, for
an intermission for supper. All the au-
thorities were carefully reviewed, show-
ing great industry and research on the
part of the lawyers. At the conclusion
of the argument Judge Cole decided in
favor of the appellants, overruled the
motion to dismiss the appeals, and ad-
judged that, it being a question as to
what was law, the case enrolled act de-
posited in the office of the Secretary of
State properly certified by that officer,
under the seal of the State, was a record
of the highest virtue and could not be in-
validated or impeached by the loose and
disjointed journals of the Legislature,
hastily made up, never read or corrected,
and attested by nobody and in which
there are unavoidably many errors. In
this he was sustained by the true prin-
ciples of the law and by a great majority
of the able and well-learned attorneys
of the highest courts of other
States in which the matter has directly
arisen.

speeches were made by Messrs. Adair,
Worthington and Robertson, and on be-
half of the appellants by Messrs. G. S.
Wall and Thos. R. Phister. The speeches
were able and elaborate and occupied from
half-past three until half-past ten, for
an intermission for supper. All the au-
thorities were carefully reviewed, show-
ing great industry and research on the
part of the lawyers. At the conclusion
of the argument Judge Cole decided in
favor of the appellants, overruled the
motion to dismiss the appeals, and ad-
judged that, it being a question as to
what was law, the case enrolled act de-
posited in the office of the Secretary of
State properly certified by that officer,
under the seal of the State, was a record
of the highest virtue and could not be in-
validated or impeached by the loose and
disjointed journals of the Legislature,
hastily made up, never read or corrected,
and attested by nobody and in which
there are unavoidably many errors. In
this he was sustained by the true prin-
ciples of the law and by a great majority
of the able and well-learned attorneys
of the highest courts of other
States in which the matter has directly
arisen.

There were two cases in which the
same point arose; the first one being the
case of Thomas Purnell vs. Clark & Wat-
kins, appealed from the Mayor's Court to
the Quarterly Court, and from there to
the Circuit Court; the other was the
case of Grover vs. Dye, appealed from
the Justice's Court at Sardis. In the first
case Mr. Thos. R. Phister represented the
appellant and Campbell & Worthington
the appellee, while in the second
case Judge G. S. Wall represented the
appellant, and Messrs. G. W. Adair and
L. W. Robertson represented the appellee.
As the same point was involved in both
cases they were tried together. In ac-
cordance with the terms of the above
mentioned act the appellants had ap-
pealed from the lower court to the Quar-
tery Court and from there to the Circuit
Court. Here appellants moved to dis-
miss the appeals of appellants on the
ground of a jurisdiction in the Quar-
tery Court, alleging that the ac-
t under which the appeals were taken was
not a law because it had never passed
the Senate, although it was printed in the
Statute book. In proof of their propo-
sition they offered to produce the printed
journal of the Senate to show that the
act was rejected in the Senate. To this
the proposed evidence the appellants
objected, and this was the point in con-
troversy. The appellants produced a
certified copy, under the seal of the State,
of the enrolled act, signed by the Presi-
dent of the Senate and by the Speaker of
the House and by the Governor, and filed
with the other laws in the office of the
Secretary of State. They maintained
that this was the sole and conclusive evi-
dence of the passage and enactment of a
statute, and that it could not be impeach-
ed or contradicted by the journals nor in
any other way, as it was a record of the
highest and most solemn kind. The ap-
pellees maintained the opposite. This
point was argued at great length on both
sides. On behalf of the appellees
speeches were made by Messrs. Adair,
Worthington and Robertson, and on be-
half of the appellants by Messrs. G. S.
Wall and Thos. R. Phister. The speeches
were able and elaborate and occupied from
half-past three until half-past ten, for

THE MISERIES OF MEXICO

The Usual Batch of Greaser Atrocities and Woe.

Murder, Robbery, Epidemics and a Grasshopper Plague in the Land of the Montezumas, and Various Other Pleantries.

CITY OF MEXICO, Aug. 2.—Advices from Pachuca state that as Señor Manuel González Costello was returning to that city from Real del Monte he was attacked near a place known as Casca Guzmán by four or five men on foot, and murdered. It is said this crime was prompted by revenge.

In Guadalupe, a tailor named Arcevo was walking through the streets when he was approached from behind by an enemy who cut his throat and left him lying dead on the sidewalk, leaving no trace of his identity.

In Pachuca City, the other day, a fellow saw his sweetheart talking with another man, and without more ado, drew his pistol and shot her dead. The murderer was arrested.

Just as the city is threatened with a possible invasion of cholera from France, the authorities propose to remove the bodies from the Camp Florida Cemetery, where many of the victims of the cholera epidemic of 1892 and 1893 are buried. Cases of sporadic cholera have appeared at Pachuca.

Under the law soldiers are permitted to kill persons who resist arrest, or after being captured attempt to escape. Revolutionary forces in Guerrero were recently attacked by Gen. Penon, with six soldiers, who were taken prisoners and killed while attempting to escape. Two general officers were also killed in Yucatán and one in the town of Morilla.

VICUA, Mex., Aug. 2.—Advices from Morelia, Mich., state that the authorities have destroyed all the crops on the hacienda in the direction of San Antonio.

Advices from Michoacán state that a few days ago Colonel Rodríguez Guerra, a supporter of Europe, captured one of the opposing party named Pared, and caused the fellow to be taken by a corporal's guard on the plaza and publicly flogged. The victim appealed to the authorities for protection, but it was refused. Many persons have been arrested without legal process and cut into jail.

A Foreign Steel.

VIENNA, Aug. 2.—Government funds to the amount of \$15,000 have been stolen while in transit from the Treasury at Vienna to that of Pösch. There is no yet close to the robbers.

Repulsed Under a Boiling Sun.

CALOA, Aug. 2.—A small number of men rushed upon the works at Suakin, attempting to take them by surprise, but were again repulsed with heavy loss. The mercenary stood at 12½ in the shade and the British troops suffered greatly from the heat.

Greely's Mother.

PORTSMOUTH, Aug. 2.—Lieutenant Greely's mother, wife and mother-in-law, made arrival from Boston, and proceeded to the navy yard in a steam launch sent for them by Sea relay Channel.
